

Moonshot presentations, talks, publications

The purpose of this page is to collect references to talks and presentations and other publications where people have presented Moonshot advocacy or experiences (but not the [IETF documents](#)). This collection may also make it easier for others to cite each other's Moonshot related work (hint).

Conference presentations

(insert table here)

Papers, articles

- [The AARC Project's Moonshot Primer](#) webinar (hosted on Google Drive)
