Moonshot is currently being piloted in the European (and beyond) Research and Education community. The UK pilot ended in March 2015.

Jisc UK Pilot

The UK R&E pilot of Moonshot, run by Jisc, ran from April 2013 to March 2015 and culminated in the launch of Jisc Assent on 25th March 2015. It's primary aims were to support participating sites in deploying the Moonshot technology and connect to the Jisc Trust Router.

GÉANT European Pilot

The GÉANT R&E pilot of Moonshot, run by GÉANT, began in March 2013. It's primary aims are to demonstrate how Moonshot technology can satisfy different use cases within the European Research and Education Community; and to establish an initial Trust Router infrastructure, in which multiple European NRENs operate interconnected Trust Routers.
